25 Theme: Stars and Advent	26 	27	28	29	30	

November’s Spiritual focus –Responsibility.

Each of us must work for his own improvement and, at the same time, share a general responsibility for all humanity, our particular duty being to aid those to whom we think we can be most useful.

Marie Curie

“Lost in Space”

Operation Christmas Child: Shawnigan Christian Preschool is once again pleased to participate in Operation Christmas Child. This project sends shoeboxes filled with new small gifts to needy boys and girls all over the world. If you would like to participate in this project, please bring one or more, small unwrapped item to the preschool on or before November 9th. Thank you for generous donations to this life changing project. Suggested items as gifts: small cars, balls, dolls, stuffy, paper, crayons, toothbrush, barrettes, comb, socks, mittens, ball-caps, jewelry etc. Remember though, they have to fit in a shoe box. **Please do not include:** used items, guns, knives, action figures, candy or food items, toothpaste, lip salve etc. as the boxes are exposed to extreme temperatures and are sometimes delivered to children who have been through traumatic circumstances.

Thank you for keeping your Halloween goodies and candies at home for a special home-time treat. We continue to encourage you to send 2 or 3 small nutritious items for snack. If you have a child going onto another place with their lunch included,

It's not Summer any more, not at all. It's Fall! The weather is sometimes chilly now and the grass is very wet with dew. Appropriate clothing and footwear help the children to feel warm and dry when they play outside. It's a good idea to have a toque and mittens in their backpack too. We know that some children do not like to wear the weather appropriate clothing that you choose for them. Please just put it in their backpack as they are often happy to put it on, alongside their peers.

Bugs! Bugs! Bugs! Please let us know if your child has an illness. We will be able to control illnesses more effectively by notifying all to watch for early symptoms and to keep sick children at home. It is important to be alert to signs of illness during seasons of the year when certain diseases are more prevalent.

For those parents who need to know for health reasons, most children in the program are up to date with immunization but please be aware that others are not.

Volunteers are always welcome. If you are interested in helping out in the classroom please let us know.

Advance Notice: Christmas concerts will be on December 20th and 21st.

Living on earth is expensive, but it does include a free trip around the sun each year!
